## Mark E. A. McClintock, E.I.T. - VITA

### Mark E. A. McClintock, E.I.T. Engineering Technician

#### Professional Certifications

Engineer-In-Training Certificate  
Certificate No. ET023559

#### Education

Bachelor of Science  
Mechanical Engineering

Pennsylvania State University -  
Behrend Campus

Bachelor of Science & Physics

Edinboro University Pennsylvania

Associate in Computer-Aided  
Drafting and Design

Triangle Tech

#### Seminars & Workshops

Mr. McClintock maintains a commitment to keeping pace with current engineering methods and technologies by attending seminars, workshops, and conferences pertinent to the field of mechanical engineering and building design.

Mr. McClintock also attends technical workshops to maintain a working knowledge of current practice standards and procedures.

Mark A.E. McClintock has been with Porter Consulting Engineers, P.C. since 2005, gaining experience in building systems design as well as building layout and structure design, and he currently holds the title of Engineering Technician. Mark's responsibilities at PCE include mechanical, electrical, and plumbing systems design as well as building layout and structural detail designs. Mark also maintains a working knowledge of building and systems codes, and his experience, education, and technical knowledge of building systems technology results in effective and efficient building systems design for PCE Clients.

#### Experience

2005 – Present Porter Consulting Engineers, P.C.; Meadville, Pennsylvania  
Engineering Technician

Mark is responsible for complete building and building system design and drafting including mechanical, electrical, and plumbing systems as well as structural detailing and building layout. Mark also maintains a strong working knowledge of the International Codes pertinent to building and building system design, and together with his education and experience, Mark is a key member of the PCE team; helping to ensure our Clients are provided with a high-level of service and a quality finished project.

2005 – 2013 Porter Consulting Engineers, P.C.; Meadville, Pennsylvania  
Drafting Technician

Responsible for preparing complete design and construction drawings for building and land development projects including site layout, building floor plans and building system layouts and details.

2002 – 2005 Simons & Associates, Inc.; Corry, Pennsylvania  
Drafting Technician

Prepared site and building drawings for a small Civil Engineering Consulting firm.
